

Activity One: Know Your Topic

Use this activity sheet to help plan out your research topic. Remember the **three** strategies that you just learned from the slide show lesson. Look at them and complete **two** of them using your research topic.

Strategy One: KWL (What you KNOW, what you WANT to know, what you LEARNT)

TITLE (Topic): _____

K	W	L

Strategy Three: Concept map (webbing)

In the centre shaded box put the topic, then plan out what you want to find out using key words and synonyms. Add more circles if needed to maximize your search efforts.
